

Come hang out with Ernest the Squid, the unofficial Suite 4 mascot!

Being a Suite 4 intern means... diving into digital marketing on Day One. Our interns work directly with staff, and never make coffee runs (although we are conveniently located right across the street from Union Block in downtown McMinnville).

Here's what a Suite 4 Creative Department intern actually does:

- Travel to client's location to photograph/video projects/products on site.
- Edit photos/videos for web production.
- Assist with Suite 4's special projects such as events and workshops.
- Attend and observe client meetings when appropriate.
- Participate in weekly Sip & Strategize meetings with staff at various Third Street restaurants. These are our weekly staff meetings where we focus on the week's priorities as well as plan for the future of Suite 4, such as mapping out how we're going to take over the Galaxy.

Qualifications:

- Strong photography/videography skills, presented through a portfolio
 - (Preferably have own camera)
- Skilled in photo and video editing, presented through a portfolio
 - (Photoshop and various video editing tools)
- Communicates effectively with clients about specifications of the project
- Willing to take initiative on projects and follow through.
- Eagerness to learn and contribute to the Suite 4 team.

Email us your portfolio and resume at hello@suite4social.com and we'll set up an interview to see if the force is strong with you.
